PhD and Post-doc Opportunities in Geophysics of Mid-Ocean Ridges

We are seeking motivated graduate students (PhD or Master) and post-doc researchers (2-year) to join our group on the geophysical studies of Mid-Ocean Ridges. The positions are based at School of Oceanography, Shanghai Jiao Tong University, and are fully funded, potentially combining research and teaching assistantships.

Possible research projects include, but are not limited to:

- (1) AUV high-resolution bathymetry on fine-scale volcanic and tectonic activities
- (2) Numerical modelling on hydrothermal and magma dynamics
- (3) Ultraslow spreading ridges
- (4) Seafloor mass wasting

If you are interested in, please contact Jie CHEN (see details below).

招聘博士和博士后：洋中脊地球物理

我们诚邀有志于洋中脊地球物理的研究生（博士、硕士和硕博连读）和博士后（两年）加入课题组。课题组依托于上海交通大学海洋学院，相关岗位将提供全额资助。

研究方向包括但不限于：

1. 水下自主机器人（AUV）高分辨率微地形地貌观测火山与构造活动
2. 热液与岩浆动力学数值模拟
3. 超慢速洋中脊的扩张规律
4. 海底滑坡
