

## **PhD and Post-doc Opportunities in Geophysics of Mid-Ocean Ridges**

We are seeking motivated graduate students (PhD or Master) and post-doc researchers to join our group on the geophysical studies of Mid-Ocean Ridges. The positions are fully funded, based at School of Oceanography, Shanghai Jiao Tong University (QS world ranking 47).

Possible research projects include, but are not limited to:

- (1) AUV observations on submarine volcanic, tectonic, hydrothermal, sedimentary, and landslide activities
- (2) Numerical modelling on hydrothermal and magma dynamics
- (3) Ultraslow spreading ridges
- (4) Submarine seismic observation

If you are interested in, please contact Jie CHEN (see details below).

## **招聘研究生和博士后：洋中脊地球物理**

我们诚邀有志于洋中脊地球物理的研究生（博士、硕士和硕博连读）和博士后加入课题组。课题组依托于上海交通大学海洋学院（QS 世界排名 47），相关岗位提供全额资助。研究方向包括但不限于：

1. AUV 观测海底火山、断层、热液、沉积、滑坡等活动
2. 热液循环及岩浆供给数值模拟
3. 超慢速洋中脊的扩张模式
4. 海底地震观测
